

Amendments to May, 2006 Space Utilization & Management Study (SUMS)

Amendment 1: West State Biochemistry reallocation from Arts & Sciences to OUCOM (recorded by Tom Daniels on 6-27-06)

Space inventory data for the study did not indicate use of space by the College of Osteopathic Medicine, Department of Biomedical Sciences in the West State Street Biochemistry Building. The correction includes the following reallocations of space from Arts & Sciences, Department of Chemistry & Biochemistry to Biomedical Sciences.

Room	Square Ft.	Type	% Biomed Sci Use	Net ASF on % use
108	154	Office	100%	154
122	150	Office	100%	150
119	7,505	Research Lab	29%	2,176
119A-D, H	702	Research Lab	29%	204
119E-G	568	Lab Service	29%	165
			Total ASF	2,849

This amendment increases the SUMS Report asf in Biomedical Sciences from 32,760 to 35,609 and decreases the asf in Chemistry & Biochemistry from 58,527 to 55,678.
